B. Submitting Comments

Please include Docket ID NRC-2017-0209 in the subject line of your comment submission in order to ensure that the NRC is able to make your comment submission available to the public in this docket.

The NRC cautions you not to include identifying or contact information in comment submissions that you do not want to be publicly disclosed in your comment submission. All comments submissions are posted at <http://www.regulations.gov> and entered into ADAMS. Comment submissions are not routinely edited to remove identifying or contact information.

If you are requesting or aggregating comments from other persons for submission to the OMB, then you should inform those persons not to include identifying

or contact information that they do not want to be publicly disclosed in their comment submission. Your request should state that the NRC does not routinely edit comment submissions to remove such information before making the comment submissions available to the public or entering the comment into ADAMS.

II. Background

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the NRC is requesting public comment on its intention to request the OMB's approval for the information collection summarized below.

1. *The title of the information collection:* 10 CFR Part 31, "General Domestic Licenses for Byproduct Material."

2. *OMB approval number:* 3150-0016

3. *Type of submission:* Extension

4. *The form number, if applicable:* N/A

5. *How often the collection is required or requested:* Reports are submitted as events occur. General license registration requests may be submitted at any time. Changes to the information on the registration may be submitted as they occur.

6. *Who will be required or asked to respond:* Persons receiving, possessing, using, or transferring devices containing byproduct material.

7. *The estimated number of annual responses:* 140,281 (10,681 responses + 129,600 recordkeepers).

8. *The estimated number of annual respondents:* 10,681 (993 NRC licensee respondents + 9,688 Agreement State respondents).

9. *The estimated number of hours needed annually to comply with the information collection requirement or request:* 36,638 hours (4,926 hours for NRC licensees + 31,712 hours for Agreement State licensees).

10. *Abstract:* Part 31 of title 10 of the *Code of Federal Regulations* (10 CFR) establishes general licenses for the possession and use of byproduct material in certain devices. General licensees are required to keep testing records and submit event reports identified in 10 CFR part 31, which assist the NRC in determining, with reasonable assurance, that devices are operated safely and without radiological hazard to users or the public.

III. Specific Requests for Comments

The NRC is seeking comments that address the following questions:

1. Is the proposed collection of information necessary for the NRC to properly perform its functions? Does the information have practical utility?
2. Is the estimate of the burden of the information collection accurate?
3. Is there a way to enhance the quality, utility, and clarity of the information to be collected?
4. How can the burden of the information collection on respondents be minimized, including the use of automated collection techniques or other forms of information technology?

Dated at Rockville, Maryland, this 5th day of April, 2018.

For the Nuclear Regulatory Commission.

David Cullison,
NRC Clearance Officer,
Office of the Chief Information Officer.
